Trattamento protettivo ad alta resistenza

High grade protective coating

Attestato di qualità

Si attesta che il trattamento della superficie effettuato ai nostri prodotti, denominato **ZIRTANIO** è garantito **30 anni***.

Tale trattamento ha superato i seguenti test:

- Resistenza alla nebbia salina (1500 ore) secondo le norme ISO 9227 ASTM B117 DIN 50021
- Resistenza ai solventi secondo test MFK
- Resistenza ai prodotti specifici anticalcare
- Resistenza all'acido muriatico illimitata
- Resistenza di solidità alla luce senza alterazione secondo le norme UNI 9397

Per la pulizia consigliamo l'utilizzo di un panno inumidito con alcool.

* Si declina ogni responsabilità per un utilizzo negligente od improprio dei prodotti.

Quality Certificate

We certify that the treatment applied as a coating to the surface of our products and known as **ZIRTANIO** is guaranteed for **30 years***.

This treatment has passed the following tests:

- Resistance to salt spray (1500 hours) conforming to standard ISO 9227 ASTM B117 DIN 50021
- Resistance to solvents conforming to standard MFK
- Resistance to specific anti-calcareous products
- Unlimited resistance to muriatic acid
- Resistance to alteration caused by strong light conforming to standard UNI 9397

For cleaning we advise using a cloth dampened with alcohol.

* We disclaim all responsibility if there is negligent or inappropriate use of products.

La maniglia ed i suoi coordinati, ormai divenuti veri complementi d'arredo, sono comunque oggetti di uso quotidiano e quindi, inevitabilmente, soggetti ad una naturale usura. Inoltre, particolari situazioni climatiche, agenti atmosferici come salsedine e umidità o l'utilizzo in situazioni gravose, possono accelerare questi processi, intaccando lo strato protettivo e generando effetti corrosivi con conseguenze antiestetiche.

Grazie al trattamento **Zirtanio**, che viene effettuato sulla superficie dei prodotti, **Assa Abloy Italia** garantisce la protezione per **30 anni**.

Trattandosi di una finitura a richiesta gli uffici commerciali restano a completa disposizione per ogni ulteriore informazione e chiarimento.

The door handle and its accessories, which have become part of the furnishing of the home, are subject to daily use, and consequently to natural wear and tear. In addition, certain climatic conditions, or atmospheric agents such as salt-air or high humidity, or use in detrimental conditions can accelerate the ageing process, damaging the protective coating and causing corrosion with un-aesthetic results.

Thanks to the **Zirtanio** treatment, applied to the surface of the products, **Assa Abloy Italia** guarantees protection for **30 years**. This finish is applied on request.

For any further information or explanation you may require, please feel free to contact our offices.
